SUBJECT No. 167.

Restoration of tanks silted up by cyanide sand.

Messrs. G. Rama Reddi, Bowringpet Taluk and Chennabasappa, Bowringpet Municipality.

Mr. Ramegowda represented that tanks were being filled in with cyanide dust and suggested that *anicuts* may be built above to stop the cyanide dust.

The Deputy Commissioner, Kolar District, explained the difficulties connected with the question *re* breaching of tanks, dredging, etc.

The Dewan replied that the atchkat will be converted into dry where necessary or remissions will be granted as it is not possible to restore the tanks.

BANGALORE DISTRICT.

(*Nos. 168 to 176.*)

SUBJECT No. 168.

Opening of a Munsiff's Court either at Closepet or Magadi or Nelamangala.

Messrs. Syed Ibrahim Sahib, Closepet Municipality;

Hutcha Hanume Gowda, Nelamangala Taluk; Bindu Madhava Rao, Nelamangala Municipality; and Ramachendra Rao, Magadi Taluk.

Summary of Discussion.—There was complete divergence of views as member of each place wanted the court to be located in their town. Magadi was stated to be near most of the places, though not connected with railway. Kunigal was to be included. There was to be a court in Magadi and a building was promised. Members from Nelamangala and other places objected to Magadi as very inconvenient and as the roads passed through jungles. Chennapatna based its claim on the size, population and importance of the place, while Closepet urged its claims, being headquarters of a Sub-Division with a Special Magistrate's Court in addition. Nelamangala people wanted Dodballapur Court to be transferred there, as better fitted, and as there was a court there formerly. In the alternative they prayed that Nelamangala may be tacked on to Bangalore, instead of to Dodballapur.

Reply of Government.—The whole question will be considered. Transfer of Dodballapur Court is impracticable, and placing Nelamangala within the jurisdiction of one of the Bangalore Courts will be considered.

SUBJECT No. 169.

Opening of a Unani Government Hospital at Bangalore.

Mr. C. Rasool Khan, Anjuman-E-Islamia, Chikmagalur.

Mr. C. Rasool Khan.—Unani and Ayurvedic Hospitals are very badly required. In olden days, people used to treat themselves when they fell ill. Whereas now-a-days, for every trifling illness, they have to run up to a hospital. It is therefore prayed that a Unani Government Hospital may be opened at Bangalore.

Dewan.—Are there no Unani Dispensaries under the Municipality in the Bangalore City?

Mr. Rasool Khan.—There are such dispensaries, but my request is that they should be improved and that one at least of the grant-in-aid institutions should be converted into a Government institution. It will not cost much and on the other hand, it will be of great help to the people. Moreover, there are many qualified *Hakims* available.

Dewan.—Will be considered.

SUBJECT No. 170.

Grant of certain concessions to the Sri Someswaraswami temple at Magadi.

Mr. Karnick Krishnamurti Rao, Magadi Taluk.

The member urged for a grant of at least Rs. 10,000 to complete the repairs of the Sri Someswaraswami temple at Magadi and also for an annual grant of Rs. 3,000 for the performance of *Padithara* and *Deeparadhane* in the said temple.

The Dewan promised to note the requests for early consideration.
